

ABOUT ME

My name is Wilson Gomes, I'm from **Portugal** and I work on web development with PHP over 6 years. Currently, studying **React** and **Node.js**.

WORK EXPERIENCE

04/04/2022 – 31/07/2022 Buffalo, United States

Assistant Developer and Software Testing Synacor Inc.

- Continuous Integration and Deployment with Bamboo
- Test end-to-end and debug systems (databases, API's, scripts, website pages) in test and production environment.
- Fixing PHP frontend issues related to mismatched PHP versions
- Setup client's websites configuration files in yaml
- Create Virtual Machines to work on the test environments
- WSL to connect to the VM's via SSH
- Add host entries on Windows's hosts to access VM's
- Create new debug files to tail the PHP errors
- Attend to daily Scrum meetings for 1 to 1 feedback
- Developed Shell scripts to facilitate the workflow
- Use git for version control
- Use FTP inside of VSCode to upload files directly to the VM's

17/01/2022 – 24/01/2022 Lyon, France

Mobile Development

Development of a notification app for Android.

- This app calculates the time zone difference between the device and game server time.
- When the user taps on the buttons a notification will be registered on the user's device which will be launched at a specific time.
